# 2-1. Splash

```swift
struct Splash: View {
    var body: some View {
        NavigationView {
            VStack(alignment: .center){
                Text("HIG\nQuiz")
                    .font(.system(size:100, weight: .bold, design: .rounded))
                    .foregroundColor(.black)
                    .multilineTextAlignment(.center)

                Spacer()
                    .frame(height: 80)

                NavigationLink(destination: ContentView()) {
                    Text("Start")
                        .font(.system(size:30, weight: .bold, design: .rounded))
                        .foregroundColor(.white)
                        .padding(.horizontal, 50)
                        .padding(.vertical, 10)
                        .background(Color.black)
                        .clipShape(Capsule())
                }
            }
        }
    }
}
```

2-2. Quiz View - image

```swift
Image("HIG")

    .resizable()

    .aspectRatio(contentMode: .fill)

    .frame(width: 300, height: 300)
```
